<i>Preface</i>	x
<i>Acknowledgements</i>	xi
<i>Introduction</i>	xii
<b>PART I: REFLECTIVE PRACTICE</b>	<b>1</b>
<b>1 What is reflective practice?</b>	<b>3</b>
Introduction • Definitions • What is theory? • Why professionals need to reflect critically • Developing professional knowledge, skills and attitudes • From unconscious incompetence to unconscious competence • The four theoretical foundations of critical reflection • Tacit knowledge • From technical rationality to reflection-in-action (Schön) • Making time to reflect • A reflective space • The benefits of investing time in reflection • Conclusion • References	
<b>2 Becoming more self-aware</b>	<b>19</b>
Introduction • The metaphorical mirror • How do I learn best? • Mindsets in learning • Honey and Mumford's learning styles • Developing the Reflector style • SWOT/B and SWAIN analysis • Motivation • Transactional Analysis drivers • Conclusion • References	
<b>3 The role of writing in reflection</b>	<b>35</b>
Introduction • Why writing? • What is reflective writing? • How to start writing reflectively • A structure for reflective writing • Using a reflective diary or journal to aid professional growth • Is it all about writing? • Conclusion • References	
<b>4 Learning from a range of experiences</b>	<b>46</b>
Introduction • What do we mean by learning from experience? • The ERA cycle • Kolb's experiential learning cycle • Reflection-on-action • Driscoll's 'What?' model • Learning as transformation • Do we always learn from experience? • Learning from positives and negatives • What is a critical incident? • The problematic experience • Learning from positive experiences • Conclusion • References	

<b>PART II: PUTTING THE CRITICAL INTO REFLECTIVE PRACTICE</b>	<b>67</b>
<b>5 Building resilience in professional practice</b>	<b>69</b>
Introduction • What are emotions? • Objectivity and subjectivity • What is resilience and why is it important? • Why is it important to consider our emotions in relation to professional practice? • The Almond Effect and the closing of the trapdoor • Why do we need to process our feelings? • Gibbs' reflective cycle • The work of Boud, Keogh and Walker • How can we process our feelings effectively in order to build our resilience? • What happens when we stop feeling? • Conclusion • References	
<b>6 Challenging assumptions</b>	<b>86</b>
Introduction • What are assumptions and how do they come about? • Why professionals need to understand the assumptions they may be making • Equality and diversity • How assumptions can be questioned • Reframing • Argyris' Ladder of Inference • Double loop learning (Argyris and Schön) • Mezirow's seven levels of reflectivity that lead to 'perspective transformation' • A model for challenging limiting assumptions • Conclusion • References	
<b>7 Reflecting with others</b>	<b>103</b>
Introduction • The need for feedback in professional development • The role of critical friendship • The role of supervision • Johari Window • Eraut on feedback • Reflection as a mentoring tool • Reflecting in groups • Types of group • The benefits of reflecting in groups • Facilitating effective groups • Models for effective group participation • Dangers and downsides • Sample exercises • Conclusion • References	
<b>8 Working through personal change</b>	<b>128</b>
Introduction • Why having an understanding of change is important for professional practitioners • Constant change and its effects • Adams, Hayes and Hopson's model • Bridges' model • The work of Kurt Lewin • Readiness for change • Back to assumptions • Barriers to personal change • Strategies for managing personal change • Conclusion • References	
<b>9 Creativity in critical reflection</b>	<b>142</b>
Introduction • What is creativity? • But I'm not artistic! • How can we reflect creatively? • Creativity is an individual thing • Conclusion • References	
<b>10 Using metaphors in reflective practice</b>	<b>151</b>
Introduction • What is a metaphor? • Metaphors in reflective practice • Kawa model • Patches and quilts • Growing and composting • Using metaphors creatively • Conclusion • References	

<b>PART III: EMBEDDING CRITICALLY REFLECTIVE PRACTICE IN PROFESSIONAL LIFE AND WORK</b>	<b>161</b>
<b>11 Critically reflective practice as a way of being</b>	<b>163</b>
Introduction • Critically reflective practice and reflexivity • Being open to change • The work of Johns • Brookfield's lenses • Managing stress • Mindfulness • 'Sharpening the saw' • Conclusion • References	
<b>12 Review and looking forward</b>	<b>181</b>
Introduction • Review and the Integrated Reflective Cycle • Senge's concept of personal mastery • Some final reflections • Conclusion • References	
<i>Index</i>	189

# FIGURES

1.1	Three types of reflection	4
1.2	The conscious competence learning model	11
1.3	Slipping back to unconscious incompetence	11
2.1	Maslow's hierarchy of needs	29
2.2	Goal theory	31
4.1	Kolb's experiential learning cycle	47
4.2	Kolb's experiential learning cycle and Honey and Mumford's learning styles	48
4.3	People who have a strong Activist learning style	49
4.4	People who have a strong Reflector learning style	49
4.5	People who have a strong Theorist learning style	50
4.6	People who have a strong Pragmatist learning style	50
4.7	Jarvis' experiential learning cycle	55
4.8	Ghaye's R model	62
5.1	The human brain	73
5.2	The human brain responding to a 'trigger'	74
5.3	Gibbs' reflective cycle	78
5.4	Boud et al.'s model for reflection	81
6.1	Argyris' Ladder of Inference	92
6.2	Argyris' Ladder of Inference and the recursive loops	93
6.3	Double loop learning	95
7.1	Kurtz's intersubjective model of reflective practice groups	124
8.1	Lewin's field theory	133
9.1	Nana's graph	145
11.1	The stress curve	173
12.1	The Integrated Reflective Cycle	182

# TABLES

2.1	Strengths and allowable weaknesses	23
3.1	Reflective writing	38
4.1	Learning from experience	58
6.1	Feelings we might have in relation to particular circumstances in our professional practice	90
7.1	Good and bad feedback	105
7.2	Words and phrases that indicate good and bad feedback	106
7.3	The Johari Window	111
7.4	Key differences between facilitation and leadership	119
8.1	Theoretical models of change	138
8.2	Tschudi's ABC model	140
