1 Introduction to the <i>Handbook on Adaptive Governance</i> <i>Sirkku Juhola</i>	1
PART I THEORETICAL AND CONCEPTUAL DEVELOPMENTS	
2 Operationalising adaptive governance: a research agenda <i>Barbara Cosens, Holly Doremus, J. B. Ruhl, Niko Soininen and Lance Gunderson</i>	15
3 Adaptive governance, law and regulation <i>Niko Soininen, Barbara Cosens, J. B. Ruhl and Suvi-Tuuli Puharinen</i>	35
4 Conceptualising the science–policy–practice interface of adaptive governance <i>Carina Wyborn, Jasper Montana, Amber Datta and Elena Louder</i>	54
PART II LATEST TRENDS IN METHODS	
5 Futures-thinking: concepts, methods and capacities for adaptive governance <i>Carla Alexandra, Carina Wyborn, Claudia Munera Roldan and Lorrae van Kerkhoff</i>	76
6 Spatial data, methods, and mismatches for adaptive governance research <i>Maija Nikkanen and Aleksi Räsänen</i>	99
7 Serious games as an adaptive governance method <i>Peter Edwards</i>	115
PART III GOVERNANCE CONTEXTS AND CASE STUDIES	
8 Adaptive governance in forest management <i>Jesse Abrams and Marine Elbakidze</i>	127
9 Adaptive governance for marine environments: methods, challenges, and lessons for ocean fisheries <i>Barbara Quimby</i>	143

10	Adaptive governance in open data ecosystems: experiences and insights on the role of sociotechnical arrangements <i>Cancan Wang</i>	158
11	Policy experimentation in the construction of ecological civilisation in China <i>Ping Huang and Linda Westman</i>	176
12	The role of adaptive governance in climate mitigation and adaptation: a local perspective <i>Grete K. Hovelsrud and Hege Westskog</i>	192
13	Adaptive and anticipatory governance in urban adaptation to climate change <i>Alexandra Jurgilevich</i>	207
14	Towards adaptive property: legal design for a climate-affected future <i>Daniel Fitzpatrick</i>	218
15	Adaptive governance for disaster risk reduction <i>R. Patrick Bixler, Sandeep Paul, Debasmita Bhakta, Tamar Farchy, Jessica Olson, Matthew Preisser and Paola Passalacqua</i>	233
16	The next decade of adaptive governance research: concluding remarks <i>Sirkku Juhola</i>	252
	<i>Index</i>	260

# Figures

---

2.1	Illustrates the increasing formality and state involvement needed as governance moves from a small self-organised community to adaptive, then transition, then formal governance: state-assisted adaptive governance is placed on this spectrum	22
2.2	Illustrating that state-assisted adaptive governance and transition management exist along with the traditional governmental tools of markets and regulation	23
3.1	The descriptive and normative perspectives to law in the context of adaptive governance	41
3.2	Substantive, procedural, and institutional roles of law steering, braking, and accelerating adaptive governance	43
4.1	Three conceptual models for thinking about the SPPI in environmental governance	57
11.1	The spatial distribution of the 498 designated “Ecological Civilisation Construction Demonstration Area”	185
11.2	Three phases of ecological demonstration in China	186
15.1	Phases of the hazard cycle from drivers to transformation	234

# Tables

---

2.1	Governance terms	18
2.2	Guidelines for inquiry into the role of law in adaptive governance	26
2.3	Potential research methodologies for the role of law	28
4.1	Different ways in which science-push, policy-pull, and co-production models approach design considerations at the SPPI	62
5.1	Futures-thinking methods that support capacities for adapting and transforming	84
5.2	Scenario storylines	88
9.1	Challenges of adaptive marine governance	147
11.1	Experimental unit for the construction of National Ecological Demonstration Zone	182
11.2	Experiences gained from the construction of National Ecological Demonstration Zone	182
11.3	Designated demonstration zones for ecological civilisation construction	184
11.4	Key policies of ecological experimentation in China	186
12.1	A summary of the opportunities and weaknesses of adaptive governance emerging from reanalysing two case studies	201

# Boxes

---

5.1	Futures literacy	80
5.2	Futures methods	81
5.3	Rethinking biodiversity conservation adaptation in times of change	86
5.4	Engaging communities with climate change futures in the Western United States	87
