Introduction — The Late Chalcolithic of Northern Mesopotamia in Context: Building on a Long and Eventful Debate	xix
--	-----

I. Ecology, Economy, and Settlement Patterns

TIM BOAZ BRUUN SKULDBØL & CARLO COLANTONI

1. Unravelling Early Urbanism and Cultural Encounters in Late Chalcolithic North-Eastern Iraq.....	3
---	---

MARCO IAMONI & PAOLA SCONZO

2. Beyond Subsistence? Settlement Strategies of the Late Chalcolithic Period in the Selevani Plain (Upper Iraqi Tigris)	23
--	----

MARIA BIANCA D'ANNA, OLIVIER NIEUWENHUYSE & SIMONE MÜHL

3. <i>Un air de famille</i> : Preliminary Observations on the Ubaid and Late Chalcolithic Horizon of the Shahrizor Plain (Iraqi Kurdistan).....	51
--	----

II. Techniques, Production Systems, and Social Organization

MICHAEL P. LEWIS

4. The 'Uruk Conundrum' in the Shahrizor, Iraqi-Kurdistan: Petrographic Developments, Ceramic Variation, and Cultural Connections at Gird-i Shamlu and Gurga Chiya.....	65
---	----

AGNESE VACCA & LUCA PEYRONEL

5. Towards a Definition of the Late Chalcolithic Period in the Erbil Plain: The Contribution of the Helawa Pottery Sequence	85
--	----

KHALED ABU JAYYAB

6. North-Eastern Mesopotamian Ceramic Sub-Assemblages and Their Potential for Identifying Communication Networks: The Formation of Red/Grey Ware Assemblages during Late Chalcolithic 1 and 2.....	105
--	-----

III. Complexities in Contact

JOHNNY SAMUELE BALDI

7. Bits of Uruk Before and Outside the Uruk Colonial Sphere: The Qara Dagħ Area and Some Early Thoughts on a Reassessment of the Uruk Expansion..... 123

FRANCESCA BALOSSI RESTELLI

8. What Complexity? Late Chalcolithic Developments at the Site of Arslantepe in the Upper Euphrates Region 151

İNAN AYDOĞAN, METIN BATIHAN & HALUK SAĞLAMTIMUR

9. On the Edge of Mesopotamia: The Presence of Uruk and Uruk-related Material Culture in the Upper Tigris Region..... 165

FRANCESCA MANCLOSSI

10. The Late Chalcolithic Canaanean Blade System in Northern Mesopotamia: What were the Connections with the Uruk Phenomenon?..... 179

JOHNNY SAMUELE BALDI, MARCO IAMONI, LUCA PEYRONEL & PAOLA SCONZO

- Conclusions — Late Chalcolithic Northern Mesopotamia: Setting the Agenda in the Debate on the Rise of Urbanization in the Ancient Near East 197

- General Bibliography..... 205

LIST OF ILLUSTRATIONS

Map 1.	Map of Mesopotamia with major LC sites mentioned in the text.	xv
Map 2.	The Duhok region with major LC sites mentioned in the text.....	xvi
Map 3.	The Erbil-Sulaymaniyah region with major LC sites mentioned in the text.....	xvi

1. Unravelling Early Urbanism and Cultural Encounters in Late Chalcolithic North-Eastern Iraq — *Tim Boaz Bruun Skuldbøl & Carlo Colantoni*

Figure 1.1.	The Rania Plain within the Zagros foothills of north-eastern Iraq.....	9
Figure 1.2.	The Rania Plain from the site of Bab. Lake Dokan from the site of Girdi Gulak.....	10
Figure 1.3.	Landsat satellite image from 1999 showing the location of important LC sites on the Rania Plain.....	11
Figure 1.4.	DAEI's multi-scalar approach.....	12
Figure 1.5.	Rapid societal and functional changes visible at Bab.....	13
Figure 1.6.	Rapid societal and functional changes visible at Kur.	13
Figure 1.7.	Settlement sprawl and dumping at Kur.....	14
Figure 1.8.	Evidence of settlement sprawl and industrialization from Girdi Gulak.	14
Figure 1.9.	Rania Plain, Iraq. Settlement patterns, clusters, and sprawls.....	16
Figure 1.10.	The Zagros foothills of northern Iraq with possible routes of communication.....	17
Figure 1.11.	Evidence of cultural interaction. LC 1–2 and LC 2–3 ceramics and finds from Babukur and Girdi Gulak supporting cultural contact and interconnection with other regions of northern Mesopotamia, including western Iran.	18
Figure 1.12.	Evidence of cultural interaction. Distribution of sites with LC and southern-related material culture documented on the Rania Plain.....	19
Figure 1.13.	Evidence of interaction with southern Mesopotamia in the mid-late LC from DAEI's excavation and survey work on the Rania Plain.....	20

2. Beyond Subsistence? Settlement Strategies of the Late Chalcolithic Period in the Selevani Plain (Upper Iraqi Tigris) — *Marco Iamoni & Paola Sconzo*

Figure 2.1.	Map of the Selevani Plain and beyond, with LC sites mentioned in the text.	24
Figure 2.2.	Summer 2018: (a) alluvial plain and first terrace system; (b) drought at the Tigris; (c) drone photo of the site of Chamarash (site 766), with archaeological structures exposed by water erosion.....	25
Figure 2.3.	LC 1–2 settlement in the Selevani Plain.	28

Figure 2.4.	Muqable cluster: site biography of the LC 1–2 period.....	29
Figure 2.5.	Sites B269; B193 and B199 on the Tigris terrace; site B11 (Muqable I); site 114	30
Figure 2.6.	Wadi Faidah.....	31
Figure 2.7.	The LC 3–5 occupation in the Selevani Plain.	34
Figure 2.8.	Large sites in the LC 3–5.	35
Figure 2.9.	LC 1–2 pottery diagnostic types in the Selevani Plain.	38
Figure 2.10.	LC 1–2 pottery diagnostic types in the Selevani Plain.	39
Figure 2.11.	LC 3–4 (5) pottery types in the Selevani Plain	42
Figure 2.12.	LC 3–5 pottery types in the Selevani Plain.....	43
Figure 2.13.	LC 1–2 and LC 3–5 sites arranged in order of increasing size.....	48

3. *Un air de famille*: Preliminary Observations on the Ubaid and Late Chalcolithic Horizon of the Shahrizor Plain (Iraqi Kurdistan) — Maria Bianca D’Anna, Olivier Nieuwenhuys & Simone Mühl

Figure 3.1.	Map of the main Chalcolithic sites mentioned in the text.....	52
Figure 3.2.	Gird-i Shamlu: LC structures excavated in Sector 4.....	55
Figure 3.3.	Fragment of a double-rim jar with painted and incised decorations from site SSP-71.	57
Figure 3.4.	Early LC horizon ceramics.....	58
Figure 3.5.	Fragment of an open-shaped container with internal incisions from SSP-68.	59
Figure 3.6.	Late LC horizon ceramics.	60

4. The ‘Uruk Conundrum’ in the Shahrizor, Iraqi-Kurdistan: Petrographic Developments, Ceramic Variation, and Cultural Connections at Gird-i Shamlu and Gurga Chiya — Michael P. Lewis

Figure 4.1.	Map showing the key archaeological sites with Uruk (-related) material culture and archaeological remains mentioned in the text.....	66
Figure 4.2.	Geological map of the Shahrizor-Pirmagroon Basin, Iraqi-Kurdistan, showing the locations of Gird-i Shamlu and Gurga Chiya.....	67
Figure 4.3.	Selection of LC 2–3 ceramic forms from Gird-i Shamlu.	70
Figure 4.4.	Selection of characteristic LC ceramic forms from Gurga Chiya phases GC-1A–1D.....	71
Figure 4.5.	Petrographic Groups assigned to the 31 sherds from Gird-i Shamlu.	76
Figure 4.6.	Graph depicting the Petrographic Groups assigned to the 91 sherds from Gurga Chiya.....	77
Figure 4.7.	Stacked column chart showing the Petrographic Groupings assigned to different phases of the LC 4 at Gurga Chiya.....	77
Figure 4.8.	Representative photomicrographs of Petrographic Groups from Gird-i Shamlu.	78

**5. Towards a Definition of the Late Chalcolithic Period in the Erbil Plain:
The Contribution of the Helawa Pottery Sequence — *Agnese Vacca & Luca Peyronel***

Figure 5.1.	Map of the Erbil Plain and the Upper Tigris area showing archaeological sites referred to in the text.....	86
Figure 5.2.	View of the southern slope of Helawa with Step Trench B.....	87
Figure 5.3.	Step Trench B. Plan and schematic east section.....	89
Figure 5.4.	Histogram showing the total amount of sampled diagnostics for each phase excavated in Step Trench B.....	90
Figure 5.5.	Bar chart showing the different percentages of wares for each phase excavated in Step Trench B.....	91
Figure 5.6.	Diagnostic and long-lasting types from Phases 3–5.....	93
Figure 5.7.	Diagnostic and long-lasting types from Phases 2–4 (LC 2–3) and Phases 2–5.....	95
Figure 5.8.	Diagnostic types from Operation D (early LC 3).....	97

6. North-Eastern Mesopotamian Ceramic Sub-Assemblages and Their Potential for Identifying Communication Networks: The Formation of Red/Grey Ware Assemblages during Late Chalcolithic 1 and 2 — *Khaled Abu Jayyab*

Figure 6.1.	Map of north-eastern Mesopotamia with sites mentioned in the text.....	106
Figure 6.2.	An example of Red/Grey Ware sherd.....	109
Figure 6.3.	Examples of red/grey hole-mouth pots.....	110
Figure 6.4.	Examples of red/grey bowls.....	110
Figure 6.5.	Examples of red/grey rim shapes.....	111
Figure 6.6.	Examples of Red/Grey Ware metamorphic rock-based fabrics from Hamoukar, Tell Brak, and Tepe Gawra.....	112
Figure 6.7.	Map of metamorphic rock outcrops.....	113
Figure 6.8.	Example of sooting on the sides of a HMP from Tepe Gawra.....	114
Figure 6.9.	Map of north-eastern Mesopotamia with distribution of Red/Grey Bichrome Wares.....	115
Figure 6.10.	Map of north-eastern Mesopotamia showing migration routes, seasonal pasture, obsidian sources, metamorphic rock outcrops, and the archaeological distribution of obsidian and Red/Grey Wares.....	119

7. Bits of Uruk Before and Outside the Uruk Colonial Sphere: The Qara Dagħ Area and Some Early Thoughts on a Reassessment of the Uruk Expansion — *Johnny Samuele Baldi*

Figure 7.1.	Map of the Uruk expansion between Early and Middle Uruk (northern LC 2, LC 3 and LC 4).	124
Figure 7.2.	Girdi Qala: geographical situation of the site.	126
Figure 7.3.	Summary outline of Early, Middle Uruk, and LC 2, 3, and 4 contexts at Logardan and Girdi Qala.	128
Figure 7.4.	Indigenous north-Mesopotamian late LC 2 shapes (beginning of the fourth millennium BCE) from Girdi Qala Trench C Levels 10–8.	129
Figure 7.5.	Logardan: geographical situation of the site.	130
Figure 7.6.	South-Mesopotamian Early Uruk (beginning of the fourth millennium BCE) shapes.	133
Figure 7.7.	Indigenous north-Mesopotamian early LC 3.	134
Figure 7.8.	Early and Middle Uruk architectural clay cones.	137
Figure 7.9.	South-Mesopotamian Middle Uruk.	138
Figure 7.10.	Chrono-cultural evolution of ceramic fabrics and some technical traits of fourth-millennium BCE pottery at Girdi Qala and Logardan.	141

8. What Complexity? Late Chalcolithic Developments at the Site of Arslantepe in the Upper Euphrates Region — *Francesca Balossi Restelli*

Figure 8.1.	The Mound of Arslantepe, with indication of the areas in which period VII (LC 3–4) levels of occupation have been brought to light; Late Chalcolithic 1–4 occupation in the plain around Arslantepe.	152
Figure 8.2.	Arslantepe period VII residences.	154
Figure 8.3.	Images of architectonic details of the elite residences in the SW side of the mound.	156
Figure 8.4.	Temple D and the open area with cult and ritual features.	158
Figure 8.5.	Large ritual pit(s) full of sherds and ashes.	159
Figure 8.6.	Period VII pottery.	160
Figure 8.7.	Mass produced beakers and bowls made from the chaff-tempered and coarse light-coloured ware.	163

9. On the Edge of Mesopotamia: The Presence of Uruk and Uruk-related Material Culture in the Upper Tigris Region — İnan Aydoğan, Metin Batıhan & Haluk Sağlamtimur

Figure 9.1.	Map of key sites mentioned in the text.....	166
Figure 9.2.	Map of Upper Tigris Region Late Chalcolithic 5 settlements.....	168
Figure 9.3.	Late Uruk monumental building; <i>cretulae</i> fragments with seal impressions; cylindrical seal and its impressions.....	170
Figure 9.4.	Late Chalcolithic 5 Layers of Başur Höyük.....	171
Figure 9.5.	Some of LC 5 materials of the Başur Höyük.....	172
Figure 9.6.	Late Chalcolithic 5 Layers Pottery Assemblages of Başur Höyük.....	175

10. The Late Chalcolithic Canaanean Blade System in Northern Mesopotamia: What were the Connections with the Uruk Phenomenon? — Francesca Manclossi

Figure 10.1.	Map of the sites mentioned in the text.....	180
Figure 10.2.	The lever-pressure system.....	182
Figure 10.3.	Canaanean blades from Northern Mesopotamia.....	184
Figure 10.4.	The lithic assemblage from Gird-i-Shamlu.....	191
Figure 10.5.	Histogram showing the width frequencies of blades/bladelets detached by pressure which allows recognition of different pressure modes (standing position versus lever-system).....	192

Tables

Table 2.1.	Catalogue of pottery in Figures 2.9–2.10.....	40
Table 2.2.	Catalogue of pottery in Figures 2.11–2.12.....	44
Table 3.1.	List of Ubaid and LC sites in the Shahrizor Plain.....	54
Table 4.1.	Chronological sequence showing the occupational phases of Gird-i Shamlu and Gurga Chiya alongside key selected sites with Uruk (-related) strata mentioned in the text.....	67
Table 4.2.	Sampled ceramics from Gird-i Shamlu analysed in this study, noting petrographic groupings as well as macroscopic observations as observed in the field.....	69
Table 4.3.	Sampled ceramics from Gurga Chiya analysed in this study noting petrographic groupings as well as macroscopic observations as observed in the field.....	72–74
Table 5.1.	Periodization of Tell Helawa.....	88
Table 7.1.	Chronological sequence of the Uruk presence at Girdi Qala and Logardan.....	131
Table 8.1.	Proportions of handmade pottery (household production) and specialized workshop manufacture, amongst <i>in situ</i> pottery in various period VII structures at Arslantepe.....	162
