

Pushkar K. Pradhan • Walter Leimgruber
Editors

Nature, Society, and Marginality

Case Studies from Nepal, Southeast Asia
and other regions

 Springer

Contents

Part I Introduction

1	Natural Disasters, Marginal Regions, and Labour Migration	3
	Pushkar K. Pradhan and Walter Leimgruber	

Part II Human Interference and Natural Systems

2	Environmental Unsustainability or the Cost of Civilization	9
	Walter Leimgruber	
3	Climate Change and Health Impacts on Vulnerable Communities: The Case of Kala-Azar (<i>Visceral Leishmaniasis</i>) in Nepal	33
	Bandana Pradhan and Birgit Kuna	
4	Cryosphere Changes, Cascading Disasters, and Societies – A Case in Langtang Valley	49
	Binaya Pasakhala, Amina Maharjan, Sabarnee Tuladhar, and Arabinda Mishra	

Part III Geomorphological and Water Issues: Nepal and Brazil

5	Urbanization and Soil Erosion in Kathmandu Valley, Nepal	67
	Chhabi Lal Chidi	
6	Assessing Terrain Hazards for Sustainable Human Settlements in Chāngunārāyan Municipality of Kathmandu Valley, Nepal	85
	Krishna Karkee, Shakti Gurung, and Anish Joshi	
7	River Ecology Services and People of Riparian Settlements in the Tamakoshi River Basin, Central Nepal	101
	Uttam Sagar Shrestha and Saruna Shrestha Amatya	

- 8 Traditional Water Supply Systems and the Sponge City Concept
Toward Diminishing Environmental Marginalization
in Kirtipur Municipality, Nepal 119**
Gyanu R. Maharjan
- 9 Everyday Water Use in Kathmandu Valley of Nepal:
Contextualizing Marginality and Social Vulnerability 135**
Shobha Shrestha and Devi Pd. Paudel
- 10 Marginalized Urban Rivers: Between Local Governance
and Environmental Justice. 155**
Ivaldo Lima

Part IV Economy and Society: Nepal and Southeast Asia

- 11 Empowerment of Marginalized Dalit Women's Groups
Through Microfinance and Social Capital in Nepal 167**
Chikako Aoki and Pushkar K. Pradhan
- 12 Informal Marketing and Livelihood of Marginal Communities
in Urban Kathmandu Valley, Nepal 179**
Puspa Sharma
- 13 Farmers' Access to Agricultural Development Services
in the Eastern Hills of Nepal: A Case of the Milke-Tinjure
Watershed Region. 197**
Shyam Prasad Wagle
- 14 People's Accessibility and Periodic Markets in the Tankhuwākholā
Watershed, Eastern Hills of Nepal. 209**
Shambhu P. Khatiwada
- 15 Human-Elephant Conflicts in a Marginalised Community
of Ulu Tembeling 227**
Moh Ruzed Embong and Jamalunlaili Abdullah
- 16 The Sedentarization Program and Everyday Resistance
to State Intervention in Vietnam's Uplands 237**
Quy Le Ngoc Phuong and Doo-Chul Kim

Part V Regional Policy Issues

- 17 Accessibility and Governance Systems in Local Development:
Measuring Marginality in the Mid-Marsyāngdi
River Basin, Nepal. 253**
Balkrishna Baral

18 Cohesion Policy in the Struggle Against the Marginalization of the Inner Peripheries: Polish Experience and Recommendations 271
Anna Dubownik, Paweł Churski, Czesław Adamiak,
and Barbara Szyda

19 Between Two Empires and Two States: The Central Jordan Valley and the Jiftlik Saraya 291
Rivka Yermiash and Ruth Kark

Part VI Conclusion

20 Humans and Nature: Conflict or Cooperation? 325
Walter Leimgruber and Pushkar K. Pradhan

List of Figures

Fig. 2.1	Bondo (GR) after the second mudflow, 2017. The old village has been protected from the debris thanks to its location slightly above the valley floor. (Photo: Marco Giacometti/zvg, found on https://www.nzz.ch/panorama/bildstrecke/bergsturz-in-graubuenden-eine-geroelllawine-streift-das-buendner-dorf-bondo-ld.1312390 , photo 48/64; Accessed August 1, 2021).....	15
