

# **Physics against Cancer**

**How the Paul Scherrer Institute pioneered  
modern proton therapy**

By Damien Weber and Simon Crompton

# Table of Contents

The contributors.....	5
National foreword .....	8
International foreword .....	10
Introduction: about this story.....	12
Some important background: radiation therapy.....	15
A timeline of particle therapy at the Paul Scherrer Institute.....	21
Chapter 1 1968–1977 Beginnings: the piontron .....	23
Chapter 2 1977–1983 Treating in three dimensions.....	38
Chapter 3 1982–1992 Protons for eye tumours .....	54
Chapter 4 1984–1992 From pions to protons .....	75
Chapter 5 1993–1996 A revolution in cancer patient treatment.....	99
Chapter 6 1997–2003 Project PROSCAN .....	127
Chapter 7 2004–2008 A new lifeline for children.....	150
Chapter 8 2009–2021 The new era of proton therapy.....	175
Chapter 9 The future of proton therapy at PSI.....	199
Index.....	211
About the authors .....	217
