Table Of Contents

Abstract		
Preface		
Foreword		I
The National Council for Scientific Research		II
Major Activities Of The CNRS		III
List Of Acronyms And Abbreviations		IV
List Of Maps		V
List Of Satellite Images		VI
List Of Aerial Photos		VI
List Of Figures		VII
List Of Photos		VII
List Of Tables		VII
List Of Graphs		VII
Presentation of the Space Atlas of Lebanon		IX
Section 1	Space Images Of Lebanon	1
Section 2	Physical Characteristics Of Lebanon	15
	Geomorphology	16
	Geology	17
	Soil Cover Of Lebanon	19
Section 3	Natural Resources Of Lebanon	21
	Forest Cover	22
	Agricultural Land	22
	Grassland And Barerock	22
	Water Resources	23
	Snow Cover	23
	Monitoring Of The Lebanese Coastal Waters	23
	Land Cover	24
Section 4	Landscape And Cultural Heritage	35
	Natural Aerial Views	36
	Archaeological Sites	49
	Nature Reserves (NR)	54
Section 5	Urbanization	61
	Major Urban Cities	62
	Airports	90
	2006 War Damage In Lebanon	94
	Industrial Zones	96
Section 6	Risk Studies	99
	Oil Spill Follow Up	100
	Forest Fires	103
	Detection Of Sea Water Pollution	104
	Indicators And Aspects Of Hydrological Drought	108
	Quarries	112
	Land Slides	114
	Soil Water Erosion	116
	Dust Storm	118
	Coastal Erosion	119
Source Of Data		120
References		121

List of Maps

- Map 1. Digital Elevation Model map for Lebanon
- Map 2. Lebanon Geological map 1: 50 000
- Map 3. Lebanon soil map 1: 50 000
- Map 4. Lebanon forest cover map 1: 50 000
- Map 5. Lebanon Water resources map 1: 50 000
- Map 6. Land cover map for Tripoli region 1: 20 000 (year 2005)
- Map 7. Land cover map for Becharre region 1: 20 000 (year 2005)
- Map 8. Land cover map for Jbeil region 1: 20 000 (year 2005)
- Map 9. Land cover map for Baalbeck region 1: 20 000 (year 2005)
- Map 10. Land cover map for Beirut region 1: 20 000 (year 2005)
- Map 11. Land cover map for Zahleh region 1: 20 000 (year 2005)
- Map 12. Land cover map for Saida region 1: 20 000 (year 2005)
- Map 13. Land cover map for Rachayya region 1: 20 000 (year 2005)
- Map 14. Land cover map for Sour region 1: 20 000 (year 2005)
- Map 15. Land cover map for Kham region 1: 20 000 (year 2005)
- Map 16. Lebanon Infrastructure map
- Map 17. Envisat Asar map for the oil slicks in Lebanon on August 3, 2006
- Map 18. Envisat Asar map for the oil slicks in Lebanon on August 19, 2006
- Map 19. Lebanon Forest fire risk map
- Map 20. Chlorophyll-a map of Tripoli coastal area
- Map 21. Turbidity map of Tripoli coastal area
- Map 22. Secchi disk depth map of the Tripoli coastal area
- Map 23. Monthly mean chlorophyll-a map of the Lebanese waters
- Map 24. Chlorophyll-a maps of the Eastern Mediterranean Sea for 26 March 2003
- Map 25. Chlorophyll-a maps of the Eastern Mediterranean Sea for 27 March 2003
- Map 26. Chlorophyll-a maps of the Eastern Mediterranean Sea for 28 March 2003
- Map 27. Simulated salinity from LSM at 5m; 10-day average for 10-20 March
- Map 28. Simulated salinity from LSM at 5m; 10-day average for 10-20 December
- Map 29. Simulated salinity from LSM at 5m; 10-day average for 10-20 June
- Map 30. Simulated salinity from LSM at 5m; 10-day average for 10-20 August
- Map 31. Map of meteorological stations for Lebanon
- Map 32. Lebanon water resources map
- Map 33. Risk assessment of Quarries in Lebanon map 1: 50 000

List of Figures

- Fig 1. a. and b. Identification of huge rock fractures in Lebanon
- Fig 2. Example of ring structure in Nahr Ibrahim region
- Fig 3. Example of ring structure in Amioun region
- Fig 4. Example of groundwater potential zone in Zgharta region
- Fig 5. Regosols
- Fig 6. Aridic Leptosols
- Fig 7. Androsols
- Fig 8. Fluvisols
- Fig 9. Leptosols
- Fig 10. Anthrosols

List of Photos

- Photo 1. Kadisha Valley
- Photo 2. Anjar
- Photo 3. Baalbeck
- Photo 4. Byblos
- Photo 5. Tyre
- Photo 6. Palm islands Nature reserve
- Photo 7. Horsh Ehden Nature Reserve
- Photo 8. Tannourine Cedar Forest Nature Reserve
- Photo 9. Yammouneh Nature Reserve
- Photo 10. Bentaël Nature Reserve
- Photo 11. Al-Shouf Cedar Nature Reserve for the year 2005
- Photo 12. Tyre Coast Nature Reserve for the year 2005
- Photo 13. Ammiq wetland
- Photo 14. Akkar Donnieh Highlands
- Photo 15. Fruiting pine segmentation by quarries in Safa area
- Photo 16. Limestone quarry in Qartada

List of Tables

- Table 1. Soil types in Lebanon

List of Graphs

- Graph 1. Average yearly distribution of snow cover between 2000 and 2011
