<i>Supplementary materials</i>	xiv
1 Understanding the challenges of conflict, crisis, and war	1
Prologue	1
Overview	2
“That’s just theory”	3
Scientific realism	6
Analytic eclecticism	8
Systemism	10
Summing up and moving forward	15
PART I UNDERSTANDING THE PROBLEM	
2 Conflict, crisis, and war in world politics	18
Prologue	18
Overview	18
International conflict	19
International crisis (and near crisis)	22
International war	26
Conflict, crisis, and war	41
Summing up and moving forward	43
3 The evolution of conflict, crisis, and war	44
Prologue	44
Overview	44
A world of war	46
Trends and patterns in conflict	47
Crisis	55
War	57
Summing up and moving forward	65
4 The issues	66
Prologue	66
Overview	66

Issues in general	67
Territory	71
Religion	74
The intersection of territory and religion	77
Summing up and moving forward	89

PART II EXPLAINING THE PROBLEM

5 System-level explanations	92
Prologue	92
Overview	92
Systems, realism, and conflict	94
Power transition theory	99
The East Asian system	102
Summing up and moving forward	113
6 State-level explanations	116
Prologue	116
Overview	116
States and conflict	117
The democratic peace	126
Visualizing conflict, the democratic peace and regime type	133
Summing up and moving forward	135
7 Individual-level explanations	137
Prologue	137
Overview	137
Major approaches to individual-level explanations	138
Human nature	138
Human experiences and psychology	142
Psychological factors and our understanding of conflict, crisis, and war	147
Summing up and moving forward	153
8 Understanding crises	156
Prologue	156
Overview	156
The nature of international crises and project-based research	157
Origins	160
Processes	162
Outcomes and legacies	166

An international crisis in profile: the Soleimani assassination - 2019	170
Summing up and moving forward	182
9 Understanding civil wars	183
Prologue	183
Overview	184
The meaning and an approach toward analysis of civil war	185
Origins of civil war	188
A systemist graphic analysis of civil war onset	192
Summing up and moving forward	200
10 Multilevel explanations	205
Prologue	205
Overview	205
A comprehensive sense of cause and effect	207
Civil war in the United States	211
A systemist causal analysis of the civil war in the United States	217
Lessons for today	230
The American civil war and results from aggregate data analysis	231
Summing up and moving forward	233
PART III COPING WITH THE PROBLEM	
11 Taking matters into their own hands: state-based approaches to managing conflict, crisis, and war	236
Prologue	236
Overview	236
Diplomacy and negotiation: definition and context	238
Diplomacy and negotiation: uses, effects, and consequences	240
Economic coercion: definition and context	243
Economic coercion: uses, effects, and consequences	245
Defense, deterrence, and alliances	247
Using force: definition and context	260
Uses of force and conflict, crisis, and war	261
Arms control and disarmament: definition and context	263
Arms/control/disarmament and conflict, crisis, and war	269
Summing up and moving forward	270

12 Working with and through others: IGOs, NGOs, and conflict, crisis, and war	272
Prologue	272
Overview	273
International law: definition and context	274
International law and compliance: the empirical record	278
International governmental organizations: definition and context	279
International governmental organizations: the empirical record	291
Non-governmental organization: definition and context	294
NGOs in action	298
Summing up and moving forward	300
13 What do we know about conflict, crisis, and war?	303
Prologue	303
Overview	304
A systemist graphic review	304
Revisiting the central argument	314
Future research and final thoughts	318
14 References	319
<i>Index</i>	347

FIGURES

1.1	A systemist perspective on functional relations in a social system	11
1.2	Systemist notation	15
