Biosocial and Evolutionary Approaches in Sociology

Introduction

Sebastian Schnettler/Johannes Huinink

Showcasing the Variety of Biosocial and Evolutionary Approaches in Sociology: Introduction to the Special Issue	237
--	-----

I. Behavioral Foundations

Andreas Tutić

Thoughts on Integrating Evolutionary Analysis into Sociological Action Theory	291
---	-----

Jacob E. Cheadle/K. J. Davidson-Turner/Bridget J. Goosby

Active Inference and Social Actors: Towards a Neuro-Bio-Social Theory of Brains and Bodies in Their Worlds	317
---	-----

II. Evolutionary Sociology

Alexandra Maryanski/Jonathan H. Turner

An Approach to Evolutionary Sociology and its Implications for Theorizing on Socio-Cultural Evolution	351
--	-----

Bernd Baldus

What is it Like to Evolve? Cultural Evolution as a Lived Experience	391
---	-----

Michael Windzio

The Evolution of Human Sociality. Categorizations, Emotions, and Friendship	415
---	-----

Anna Rotkirch/Anna Hägglund/Antti O. Tanskanen/Mirkka Danielsbacka

Partnership Histories Shape the Grandparenting Happiness Bonus	443
--	-----

Sebastian Schnettler

Parental Investment, Status, and Child Gender: Some Evidence for the Trivers–Willard Hypothesis from a Survey Experiment	467
---	-----

III. Sociogenomics

Martin Diewald

How Can Genetically Informative Research Contribute to Life Course Research?	491
--	-----

Tina Baier/Torkild Hovde Lyngstad

Social Background Effects on Educational Outcomes—New Insights from Modern Genetic Science	525
---	-----

<i>Bastian Mönkedieck/Pia Schober/Martin Diewald/Harald Eichhorn/C. Katharina Spiess</i>	
Does the Quality of Early Childhood Education and Care Centers Mitigate the Risk of Externalizing Problems? A Genetic-Sensitive Study of Preschoolers in Germany	547
<i>Muna AnNisa Aikins/Yayouk Eva Willems/Deniz Fraemke/Laurel Raffington</i>	
Beyond a Shared History: A Biosocial Perspective on Sociogenomics and Racism in Germany	573

IV. Neurosociology and Emotions

<i>Gesche Schauenburg/Arash Aryani/Chun-Ting Hsu/Tobias Schröder/Markus Conrad'</i>	
<i>Christian von Scheve/Arthur M. Jacobs</i>	
Conflict Detection in Language Processing: Using Affect Control Theory to Predict Neural Correlates of Affective Incongruity in Social Interactions	603
<i>Jordan L. Mullins/Dana E. Díaz/Rengin B. Firat/Kalina J. Michalska</i>	
Ethnic–Racial Discrimination Exposure and Anxiety in Latina Girls: Amygdala Volume as an Indirect Neurobiological Pathway	627

V. Hormones and Other Biomarkers

<i>Laura Josephine Botzet/Tobias L. Kordsmeyer/Sabine Ostermann/Johannes Ruß/Lars Penke</i>	
Behavioural Endocrinology in the Social Sciences	649
<i>Laia Sánchez Guerrero/Pia S. Schober/Birgit Derntl</i>	
Prenatal Exposure to Androgens and Gender Socialisation Effects on Children's Academic Interests	681
<i>Bridget J. Goosby/Jacob E. Cheadle</i>	
The Immune System Is a Complex System: Inflammatory Morbidity and Systemic Racism	713
<i>Hannah Landecker</i>	
How the Social Gets Under the Skin: From the Social as Signal to Society as a Metabolic Milieu	745

VI. Views from Outside

<i>Rita Anne McNamara</i>	
Cultural Evolution of Religion, Spirituality and Ritual: Impacts On Human Cooperation	769
<i>Ulrich Kühnen/Shinobu Kitayama</i>	
Culture, Social Class and the Dynamics of the Self	789
<i>Henrike Moll/Qianhui Ni</i>	
The Development of Sharing Experiences: From Dyadic Engagement to Taking Others' Perspectives	807
